Kindly note that recommendations to award a grant are always subject to the condition that the checks preceding the signing of the grant contract do not reveal problems requiring changes to the budget (such as arithmetical errors, inaccuracies, unrealistic costs and ineligible costs). The checks may give rise to requests for clarification and may lead the contracting authority to impose modifications or reductions to address such mistakes or inaccuracies. It is not possible to increase the grant or the percentage of KGL Foundation financing as a result of these corrections. It is therefore in the applicants' interest to provide a realistic and cost-effective budget.

An evaluation committee and the contracting authority will assess if the funding scheme is comparable and in case of positive outcome will consider these as if they are ex-ante assessed by an independent auditor.

e) *Unusual commercial expenses*

2.2. HOW TO APPLY AND THE PROCEDURES TO FOLLOW

To apply for this call for proposals, applicants need to:

I. Provide information about the organisation involved in the action.

2.2.1 Concept note content

Applications must be submitted in accordance with the concept note instructions in the grant application form annexed to these guidelines (Annex A). Applicants must apply in English.

Please note that:

1. In the concept note, applicants must only provide an estimate of the requested KGL Foundation contribution as well as an indicative percentage of that contribution in relation to the eligible costs of the action. A detailed budget is to be submitted only by applicants invited to submit a full application in the second phase.

2. The elements outlined in the concept note may not be modified in the full application. The KGL Foundation contribution may not vary from the initial estimate by more than 20%. Applicants are free to adapt the percentage of co-financing required within the minimum and maximum amount and percentages of co-financing, as laid down in these guidelines in Section 1.3. The applicant may adjust the duration of the action if unforeseen circumstances outside the scope of the applicants have taken place following the submission of the concept note and require such adaptation (risk of action not being carried out). In such cases the duration must remain within a maximum period of 6 months under a no cost extension. An explanation/justification of the relevant adjustment shall be included in an accompanying letter or email. Own contributions by the applicants must be clarified and can include staff or volunteer cost time, use of organisation's resources such as computers and accessories, vehicle(s) etc.

3. Only the concept note form will be evaluated. It is therefore of utmost importance that this document contains ALL relevant information concerning the action. No additional annexes except certificate of registration/incorporation should be sent. Any error or major discrepancy related to the concept note instructions may lead to the rejection of the concept note. Clarifications will only be requested when information provided is not sufficient to conduct an objective assessment. Hand-written concept notes will not be accepted.

2.2.2 Where and how to send concept notes

The concept note together with the declaration by the applicant (Annex A.1 section 2) must be submitted online via email to the email addresses info@kglfoundation.org together with a cover letter from the organisation submitting the concept note.

Upon submission of a concept note online, the applicant will receive an automatic confirmation of receipt in the sender's email account. Please note that incomplete concept notes may be rejected. Applicants are advised to verify that their concept note is completed.

2.2.3. Deadline for submission of concept notes

The deadline for the submission of concept notes is 13/05/2022 at 18:00 (GMT date and time). The applicant is strongly advised not to wait until the last day to submit its concept note, since heavy Internet traffic or a fault with the Internet connection (including electricity failure, etc.) could lead to difficulties in submission. The Contacting Authority cannot be held responsible for any delay due to such aforementioned difficulties. Any concept note submitted after the deadline will not be accepted.

2.2.4 Further information about concept notes

Questions may be sent by e-mail no later than 10 days before the deadline for the submission of concept notes to the address(es) below, indicating clearly the reference of the call for proposals:

E-mail address: info@kglfoundation.org

The contracting authority has no obligation to provide clarifications to questions received after this date. Replies will be given no later than 8 days before the deadline for submission of concept notes. To ensure equal treatment of applicants, the contracting authority cannot give a prior opinion on the eligibility of applicants, an action or specific activities.

2.2.5 Full applications

Applicants invited to submit a full application following pre-selection of their concept note must do so using the grant application form annexed to these guidelines (Annex A.2). Applicants should then keep strictly to the format of the grant application form and fill in the paragraphs and pages in order. The elements outlined in the concept note cannot be modified by the lead applicant in the full application. The KGL Foundation contribution may not vary from the initial estimate by more than 20 %, although applicants are free to adapt the percentage of co-financing required within the minimum and maximum amount and percentages of co-financing, as laid down in these guidelines under Section 1.3.

The applicant may adjust the duration of the action if unforeseen circumstances outside the scope of the applicants have taken place following the submission of the concept note and require such adaptation (risk of action not being carried out). In such cases the duration must remain within the limits imposed by the guidelines for applicants. A justification of the relevant replacement/adjustment shall be included in an accompanying letter or email. Applicants must submit their full applications in the same language as their concept notes. A copy of the applicant's accounts of the latest financial year (the profit and loss account and the balance sheet for the last financial year for which the accounts have been closed) must be uploaded and attached by the full application deadline. Exceptions may however be granted to start-up organisations whose interventions are exceptionally innovative.

Please complete the full application form carefully and as clearly as possible so that it can be assessed properly. Any error or any major inconsistency in the full application (e.g., if the amounts in the budget worksheets are inconsistent) may lead to the rejection of the application. Clarifications will only be requested when information provided is unclear and thus prevents the contracting authority from conducting an objective assessment. Hand-written applications will not be accepted. Please note that only the full application form and the published annexes which have to be filled in (workplan, workplan, budget and M&E templates) will be transmitted to the evaluators (and assessors, if used). It is therefore of utmost importance that these documents contain ALL the relevant information concerning the action. No additional annexes except certificate of registration/incorporation can be attached.

The deadline for the submission of full applications will be indicated again in the letter sent to the lead applicants whose application has been pre-selected. This letter will be sent to the applicant's email account. Applicants are strongly advised not to wait until the last day to submit their full applications, since heavy Internet traffic or a fault with the Internet connection (including electricity failure, etc.) could lead to difficulties in submission. The Contracting Authority cannot be held responsible for any delay due to such afore-mentioned difficulties. Any application submitted after the deadline will not be accepted.

2.2.8. Further information about full applications

Questions may be sent by e-mail no later than 13 days before the deadline for the submission of full applications to the addresses listed below, indicating clearly the reference of the call for proposals: E-mail address: info@kglfoundation.org

Replies will be given no later than 10 days before the deadline for the submission of full applications. To ensure equal treatment of applicants, the contracting authority cannot give a prior opinion on the eligibility of applicants, or an action. No individual replies will be given to questions. All questions and answers as well as other important notices to applicants during the course of the evaluation procedure, will be published on the website of the KGL Foundation <http://kglfoundation.org/> It is therefore advisable to consult the above-mentioned website regularly in order to be informed of the questions and answers published.
